

(PRESENTS)

TRAPPED

ART SHOW & FUNDRAISER

This upcoming event will feature the novel, 'Trapped'; a personal story written by author Jimmy Watson, former Navy Seal, and illustrated by local artist, Garret Dechellis, along with other artists from the community, who will be sharing their talents and awareness of **how the arts are bringing freedom to those who live with the effects of mental illness**, or other brain disorders on a daily basis.

The proceeds from this benefit will go toward helping specific veterans in need in our community. We are partnering with the Hope group, Second Chance of Northwest Florida, Bay County Vet Center, Life Management Center, Mental Health America, NAMI, Global Arts Society, Pyramid, Inc., The H.O.P.E. Project, Heroes on the Water, Team RWB, and other local agencies and individuals to help make this event a success.
